## **Vice President/Principal, Private Equity**

TorQuest is one of Canada's original private equity firms with \$4B+ in AUM and more than 30 years of experience building middle-market companies across multiple industries.

We are currently seeking a Vice President or Principal to join their investment team. The primary responsibilities will include: leading due diligence efforts on new investment opportunities, including company and industry research; transaction structuring and negotiation; working with senior management of portfolio companies on strategic projects and value creation initiatives; monitoring portfolio company performance; and conducting related quantitative and qualitative analyses.

The ideal candidate will have at least 6-10 years of work experience with at least 3-6 years in private equity investing.

The following criteria will be considered in evaluating candidacy:

- Experience with a private equity process, due diligence and execution from having worked in a private equity environment
- Integrity
- Proven business acumen
- Critical investment mindset
- Proven track record in a highly demanding role
- Committed work ethic
- Experience managing complex projects and/or investment processes
- Experience in financial modeling, industry research, competitive analysis, due diligence, and financial statement analysis
- Superior analytical ability, particularly relating to industry research and business evaluation
- Exceptional communication and presentation skills (both written and oral)
- Demonstrated ability to manage multiple tasks and projects, balance competing priorities, and thrive in a high-performance team environment
- Superior academic achievement
- Strong interpersonal and team skills and willingness to develop other team members
